

Nordiq Alberta

Accountability Reporting

Nordiq Alberta (NA) is aligned with federal and provincial sport governing body requirements, including those of Sport Canada and Government of Alberta. Federally, Sport Canada mandates certain requirements of Nordiq Canada, cross-country skiing's National Sport Organization (NSO). NA simply applies Nordiq Canada policies to any federal sport governing requirements. Provincially, NA works to meet the accountability and reporting requirements set forth by [Sport, Physical Activity and Recreation \(SPAR\)](#) Alberta Culture, Multiculturalism and Status of Women, in part through alignment with the Alberta Sports Plan. Through **NA's commitment** to meeting federal and provincial sport governing requirements members can be assured that the organization is dedicated to providing Quality Sport experiences.
